## AUSTRALIA, COME OUT OF BABYLON

In the unprecedented sell off of national assets and the adoption of free trade economic rationalism, we see evidence of the ideology of globalism. We are led to believe that these things are inevitable and that the concept of a one world economy is basic to a new international economic order. The new order is needed to solve all the overwhelming problems confronting the world today such as overpopulation, disease, poverty, rampant crime, drug problems, environmental problems and nuclear catastrophe.

As a result, nations of the world are losing their sovereignty to international bankers whose grip has steadily tightened through unpayable debt. The recent near collapse of several Asian economies, as well as the dramatic fall in the world's stock markets are being felt around the globe. As debts continue to escalate and the nations stagger from crisis to crisis, there comes a time when the global economic bubble will burst.

The Bible prophesied that the Lord will shake all nations - Haggai 2:6. Australia itself is most vulnerable as we are in the red to the tune of some \$220 billion, and growing at about \$20 billion annually. That is well over 30% of GNP. Our total interest bill alone is now a massive \$11 billion a year.

Inexorably, it would seem, the nations of the world are being drawn into the valley of decision as globalism and economic rationalism continues to disrupt and create insecurity in every society. It appears that more is in store. A currency battle is tipped for 1999 when the Euro enters the fray and threatens the greenback which has long been the backbone of the world economy. If and when the US dollar collapses, it will create a domino effect that will reverberate around the world. Even now as economies crash the International Monetary Fund (IMF) move in with its debt-for-equity swap, controlling countries unable to meet their financial commitments. In the near future, we will see the establishment of a central world bank to be capitalised by the entire population of the earth.

Such are the plans of the political/financial elite to control the planet. Through a banking system "conceived in sin and birthed in iniquity" that creates money out of nothing they will confirm the old adage that the borrower is indeed servant to the lender. To the inspired author of the book of Revelation it is nothing less than commercial Babylon which has been prospering for ages on the root of all evil, the love of money. However, her sinister schemes are destined to come unstuck, her doom sealed. "For her sins have reached

heaven and God has remembered her iniquities" and in one day her riches will come to nothing, the entire financial edifice destroyed as God brings His judgment upon her.

Following the Great Flood of Noah's day the peoples of the earth sought to defy God by building the city of Babel which included an immense tower where they could worship their pagan deities. It was sinful man's first attempt to establish a world state opposed to God's divine rule.

We are now seeing man's second attempt, in the name of globalism with the United Nations and its various arms (tentacles) leading the way. This ungodly body has been exerting its considerable influence over us in the form of a plethora of conventions ratified by governments over the past 20 years. Without our consent we have been bound to UN treaties on heritage sites, sexual, racial and religious discrimination and the rights of the child. Ultimately, however, its devious schemes will fail.

God threw the builders of the original Tower of Babel into confusion and scattered them to the four corners of the earth. Likewise, the LORD will destroy the evil machinations of those who would control the earth in the name of globalism. The warning of Scripture is clear: "Come out of her, my people, lest you share in her sins and lest you receive of her plagues. For her sins are piled up to heaven and God has remembered her crimes." In these last days, when the whole world lurches from one crisis to another it is time to seek true safety. Only in the rock of CHRIST JESUS is there a sure refuge in the coming storm.

Our Prayer:

*Our loving Father we thank You for enlarging our faith in the service of Your Kingdom in the power of Your Holy Spirit in us and with us. We thank You for Your immeasurable mercies and amazing grace. In our weakness, You gave us strength for intercession to bring down Your blessing from heaven to Your nation of Australia to help the oppressed and poor, to set the captive free, to heal the hurting and broken hearted and to introduce Jesus Christ to the lost*

*We pray that our government and civic leaders will yield to the counsel and wisdom of Your Holy Spirit and submit to Your living Word so that they can lead this nation into total repentance. We cry out to You Lord Jesus to help Australia come out of Babylon because the very soul of Australia is at stake. As our sovereign Creator and faithful Shepherd we ask You to get Australia out of debt and to heal the destructive hurt caused by dysfunctional human relationships and adverse experiences of life*

*We thank You for Your Spirit's presence to guide our leaders in Your agape love. Help them to faithfully serve in spirit and in truth in fellowship with You. Help them to confess each sin and to bring Australia's every need before You. Jesus, Lord of Australia, blessed be Your name. We ask this in Your majestic name, Lord Jesus*

*Amen*

C.O.P.I.T - Led by our LORD JESUS CHRIST by the power of the HOLY SPIRIT to glorify GOD THE FATHER with the Brotherhood of Humanity, in love and faithfulness to bring glory to our Eternal Father in Jesus' Name. Amen and Glory
