

# REPENT AUSTRALIA

*"If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land."*  
2 Chronicles 7:14

## FOOL'S PARADISE

Believe it or not, we are living in a fool's paradise. Australia in 2009 has been brain-washed into believing we are in control of our own destiny when for the past few decades we have been deceived by a powerful elite cabal working behind the scenes to prepare the nations of the world to accept its control of the earth through a one-world government, also known as the New Economic International Order, via the United Nations. By the combination of the deft use of education systems, control of the mass media and the promulgation of a socialist political left-wing agenda these people have steadily imposed their will on the ordinary citizens of this and other Western nations. A massive public relations (PR) exercise hides under the friendly face of propaganda (spin), often called social engineering. In other words, we are being brainwashed! Consequently, the free democracies of the world are being led by their collective noses into voluntary slavery through the constant drip, drip, drip of disinformation that eventually is believed as truth---and in their so-called best interests.

### **Our Christian Heritage**

Australia is not the same place it was when our soldiers, sailors and airmen who in the name of God, King and country willingly took up arms to drive back the forces of evil which threatened our very way of life during two world wars. Our standards of decency, justice and morality were grounded in our Christian heritage and the Bible. As a result, we lived by a code of behaviour far different from today's loose morality, greed, discourtesy and selfish attitudes to others. Now, generally speaking, our faith has been undermined by a false belief that as we progress technologically, we are more sophisticated and smarter. However, has this brought the utopia we long for? Of course not. Nevertheless, we have been convinced it is. Although we fail to see just what is happening, we are now living out the Marxist-Leninist takeover of education from the 60s and 70s with its manipulation of students by denying the traditional values and indoctrinating them with politically correct dogma that blinds them to true reality. Now, to our shame, our leaders are too fearful of ridicule by the politically correct brigade to admit the truth of our Christian heritage---the only valid rebuttal to this insidious and all-persuasive distortion of truth. But are we as ordinary Australians ashamed of that precious heritage?

### **Multiculturalism**

Probably the most glaring example of this is multiculturalism. Despite the prolonged barrage by governments and the media of the so-called benefits of multiculturalism, we are nevertheless now following the road to increased violence, social problems and national disintegration. Though most Australians welcome limited numbers of migrants from various parts of the world, they don't want to become a polyglot society that destroys our unique national character. If our way of freedom and democracy is the best way to live here, surely we should expect migrants to accept and adjust to it. Yet this is not the case. In falling over backwards not to be branded as racist, we deny that ours is a Christian culture and claim we are a rainbow coalition of all colours and creeds with none superior to the others. As the nation's Anglo-Saxon character is being assassinated and our Christian values undermined, we see mosques and temples to foreign deities that have brought death and poverty in many other places springing up everywhere. Surely we should learn from the British experience. The policies of political correctness, tolerance and appeasement are emboldening the forces of Islam to reach ever deeper into traditional British life through the courts, schools and banking systems. Moreover, Moslem control in some suburbs is so complete that they have been labelled "no go" areas for those of a different religion. If we continue to follow the same path, we too could be well on the way to national suicide.

## **Lack of Discipline**

Over the years parents have been brainwashed into believing that children should not be disciplined lest their self-confidence be destroyed. Consequently, we have an alarming upsurge in undisciplined, violent conduct among youth with a corresponding rise in juvenile crime that is now causing so much concern. Despite the humanistic belief that sin and evil are illusory, that man is inherently good---when all the evidence indicates the reality of his fallen nature---the present flouting of the law by undisciplined youth is undeniable proof of the folly of "sparing the rod and spoiling the child". Indeed, more and more of today's young people are fulfilling the Scriptural prophecy that in the last days perilous times will come and people will be disobedient to parents, lawless, without self-control, despisers of good, headstrong and haughty. How true! And how true that all this crafty manipulation and deception is compounded by the belief in chance creation (Darwin's theory of evolution) which basically renders life less meaningful (actually, meaningless) and contributes to the rising rate of depression, despair and suicide among young people. Not to mention the alarming resort to drugs, alcohol and reckless living as the pointlessness of evolution strikes home to more and more of them.

## **Darwinism**

Unquestionably, Darwinism is a cruel, deceptive ideology that denies our humanity and leads us to see ourselves as nothing more than advanced animals. It helped father Freud's sex beliefs and ego worship that in turn led to Dr Spock's philosophy that children must be freed of parental discipline. As a result teenagers are now so stimulated to a sex-motivated attitude which, when coupled with the lethal component of pornography, produces all the ingredients necessary to undermine the moral fabric of society. Furthermore, it is well worth pondering on the fact that since the years of limitless porn, the economy has steadily degenerated, mindless massacres have occurred and rape and murder have become commonplace. Nevertheless, none of this has just happened. It fits snugly into the basic intention of the one-worlders to destroy the family and with it the need for childcare institutions with their social engineering agenda. For, indeed, to draw us into their net these manipulators must undermine our sovereignty through the breakdown of the cornerstone of society, the family and its system of values. Yet, despite the godless state of our nation---in deep recession and with morality at an all-time low---the big majority of Australians still believe that "we're all right, Jack".

## **The God Factor**

However, just like the one-world plotters we have overlooked something extremely important. The God factor. Yes, God has not forgotten us. But because we have flouted His laws, thanklessly spurned His love and lived as though He doesn't exist, He has allowed us to go our own merry way into a fool's paradise that will end in ruin. Like Samson of old, "the Philistines are upon us" and we know it not. Blind fools! The inherent dangers for Australia are enormous, for the Lord has said, "If you ever forget the Lord your God, and go after other gods, and serve them and worship them, I testify against you today that you will surely perish" (Deut 8: 19). Our epitaph will read, "You were going well for a while, with Jesus Christ the Lord---what a tragedy that you blew it." Yet there *is* hope. But we must REPENT. In deep humility and on bended knee we must acknowledge the biblical truth that "righteousness exalts a nation, but sin is a reproach to any people"---*and that we have sinned against God*. Jesus said, "Whoever confesses Me before men, I will also confess him before My Father who is in heaven; but whoever denies Me before men, him will I also deny before My Father who is in heaven." God earnestly desires to prepare a holy people for the soon-coming of the Lord to this earth. Shall we be among them? Yes! AUSTRALIA, GET RIGHT WITH GOD WHILE THERE IS STILL TIME!

## **PRAYER**

Almighty God of infinite grace and mercy, the Alpha and the Omega, as Your covenanted heirs cleansed in the blood of Jesus we thank You for seating us in heavenly places with our precious Saviour and Lord and that we *know* You through Your Living Word as the Great I AM. Abba Father, fill us with Your River of Light and Life so we may have spiritual wisdom and understanding to know Your will as we walk in faith daily. Omnipotent Spirit, grant us overcoming power to demolish spiritual principalities in the heavenlies and the strongholds of darkness in our *Fool's Paradise* where leaders, fathers, mothers and young people live in disobedience, deception, debt, unbelief and false gods. Merciful Father, forgive them and release a spirit of HUMILITY to all who are spiritually lost that they may REPENT and receive JESUS CHRIST as Lord and Saviour. May they then learn to act in faith in their work-places, schools, communities and in their homes. Our most earnest prayer, gracious Father, is that You will pour out Your mighty Holy Spirit upon this nation of Australia, sweeping countless lost souls into the eternal security of Christ's glorious Kingdom of righteousness, love, joy and peace. In His majestic and victorious name we pray, for the glory of Almighty God. Amen.

R.A: Led by our Lord Jesus Christ through the power of the Holy Spirit to glorify the Fatherhood of God with the Brotherhood of Man, in love and in faithfulness to bring glory and honour to His holy name.
