

# REPENT AUSTRALIA

*"If My people who are called by My name will humble themselves, and pray and seek My face, and turn from their wicked ways, then I will hear from heaven, and will forgive their sin and heal their land."  
2 Chronicles 7:14*

## COMMITTING CULTURAL SUICIDE

"It's a war out there for me and my family," a young family man recently commented. He was speaking of the difficulty of raising his children in a moral environment that no longer reinforces his own Christian values. For those who still hold Christian beliefs, today's culture *is* becoming increasingly hostile. There is a sense of deep cultural breakdown and a loss of values across society which is seen in the dumbing-down of education, the proliferation of drugs and alcohol-fuelled violence, sexual licence and a general coarsening of the culture. Other disturbing events such as the changing of laws on marriage and divorce, abortion, the push for same-sex marriage and euthanasia are also having a profound effect on us as a people and as a nation. Moreover, there is also the policy of multiculturalism that is speedily transforming the demographic make-up of Australia---adversely.

### **Expected to Assimilate**

When, by the grace of God, Australia had a coherent and confident Christian culture, just a few decades ago, migrants were expected to assimilate without abandoning their own cultural traditions. However, the fashionable doctrine has developed that the melting pot (our once homogeneous country) should itself melt. Over the past 20 years migrants (both legal and illegal) have been given full assurance that there is no need for them to adapt to the Australian culture. Australian institutions and the free-and-easy Australian lifestyle were fluid concepts. All the Anglo-Christian stuff was seen to be outdated and finished. The new Australia, according to our ungodly masters in positions of power and authority, was a rainbow coalition in which all cultures were equal.

### **Silencing any Protest**

In order to silence any protest and to stifle all debate, the enforcement of the contentious doctrine of political correctness was introduced, and the media has been employed to indoctrinate the people into adopting this United Nations' criterion for acceptable speech. Anyone who opposes this policy is labelled 'racist' and 'xenophobic'---terms now frequently used to silence all opposition to their ungodly plans. However, forced integration of widely differing peoples never works; it only destroys. Most of the Third World people who have been encouraged and allowed to come here are not our enemies. They are only taking advantage of a situation created by the New World Order multicultural agenda which is aimed at destroying the uniqueness of all races, to fulfil their vision of world conquest. In doing so, destroying national and racial identity has been their number-one goal. The commonly used phrase 'strength in diversity' is a myth. This is not to deny the richness of other cultures or that they do not have their virtues, but they come at the expense of sabotaging our national security and the very basis of our nation---the Christian faith. Although the policy of multiculturalism may appear to be a desirable means of breaking down barriers between peoples of the world, it nevertheless attacks the spiritual unity of a nation: it is cultural suicide. Whether our leaders know it or not, it has been the commonly-held belief system---Christianity---that has welded us together as a homogeneous nation, one nation under the God of the Bible---and being blessed because of it.

## **Mosques and Temples**

Through a process of deception we are being taken over because we fail to realise why we are one of the most blessed nations on earth. As our Christian culture is constantly undermined, we see mosques and temples to foreign deities that have brought poverty and terrorism in many other places springing up everywhere. Undoubtedly we are concerned with the growing numbers of Muslims in our nation. While possibly the majority of these people in Australia accept our values, for many others the opposite is the case. A member of the Islamic Friendship Association has said, "The criminal dregs of white society colonised this country and...the descendants of these criminal dregs tell us that they are better than us." Other comments by Muslims include such statements as: "There's no such thing as a Muslim having a non-Muslim friend," and another by a university Muslim student president that any overriding loyalty to Australia is impossible. "The overriding commitment of a Muslim is to Allah, and to Allah alone", he said. How ironic, in this so-called enlightened modern age, that Islam, which is antithetical to Christianity and intent on eroding our freedoms and liberties, is culturally accepted while Christianity, especially those who practise evangelical Christianity, is disparaged and maligned.

## **Two Converging Threats**

Christians here and in other Western nations face two converging threats: one from an increasingly secularised society intolerant of public expressions of their faith, and the other from an increasingly confident Islamic agenda bent on shaping the West in its own image. And, like lemmings rushing down the hillside to drown in the sea, we too are over-eager to commit cultural suicide as we continue to allow a flood of so-called refugees, mostly from Islamic countries, into Australia by both legal and illegal means. Why, just this last year over 140,000 of these people arrived here by plane and in the last three years we have welcomed over 143 rust-bucket boats with open arms and treated their occupants royally while many of our own people in dire need cry out for some form of assistance from our governments. If this madness continues for long we will be steadily overrun by a people who reproduce at an alarming rate while we struggle to maintain our birth rate at a sustainable level.

## **Our Very Life-Blood**

Though the hour is late, it is not too late to stop this spiritual destruction of our culture. But we must begin by recognising that Christianity is our national culture; yes, the very life-blood that has produced freedom, prosperity and the quintessential Australian character. Therein lies the solution to our present precarious path to national suicide on which our political, academic and economic elites are driving us. The denial of our Christian way of life has huge ramifications, for the Lord has said, "If you ever forget the Lord your God and go after other gods, and serve and worship them, I testify against you this day that you will surely perish." Long ago, when people of all races banded together to build the Tower of Babel to worship foreign deities in defiance of the One true God, He threw their efforts into confusion and scattered them far and wide and determined their boundaries, so that they should seek and find Him. Now, the United Nations is building another Tower of Babel as national barriers are coming down through mass immigration, and the mingling of all races and religions is undermining Christianity, the heart and soul of our civilisation and our nation. They shall not succeed! This land belongs to the Lord, this Great Southland of the Holy Spirit. Let us make it so!

## **PRAYER**

Loving, Eternal Father, as joint-heirs with Christ Jesus, we come before Your throne of grace and mercy to surrender our everything to be nurtured by Your Spirit through Your precious Living Word. Holy God, thank You for the victory Jesus won for us at the Cross over the power of Satan, to restore us to our God so that we, in the fulness of Your Spirit, can stand strong and firm in the midst of a nation that is in the process of committing cultural suicide. Sovereign Lord, we lay the axe of Your Spirit to our nation's disobedience to You and Your Word, and pray that Your River of Life will flood our land, opening the eyes of all our leaders, citizens, parents and children so they will repent of this folly. Indeed, O Lord, grant this spiritually suicidal society divine forgiveness so the Holy Spirit will transform it into one full of Your servants, eager to enthrone JESUS CHRIST King of kings and Lord of lords of this Great Southland of the Holy Spirit---to the glory of Almighty God. Amen.

**R.A:** Led by our Lord Jesus Christ through the power of the Holy Spirit to glorify the Fatherhood of God with the Brotherhood of Man; in love and in faithfulness to bring glory and honour to His holy name.
